I would however suggest that the wording of the Notification intimating the course to be adopted in the inter-change of information, should follow the Madras Order rather than that of Bombay (under reference) as it is clearer. The Madras Order has been embodied in my Circular Order No: 9 published in Part I of the Mysore Police Gazette for August 1905 (copy attached for reference).

Arrangements for direct correspondence between officers of the British Government and those of the Baroda State in matters of "hue and cry

JUDICIAL DEPARTMENT.

Bombay Castle, 27th March 1906.

Memorandum from the Political Department, No. 7981, dated the 9th December 1905—Transferring, for necessary action, the papers noted in the margin, regarding a proposal to arrange for direct correspondence between Police officers of the British Government and those of the Baroda State in regard to certain Police matters.

Letter from the Resident at Baroda, No. 12919, dated the 31st August 1905.
Letter from the Inspector-General of Police, No. 7808, dated the 25th September 1905.
Letter from the Resident at Baroda, No. 17811, dated the 1st December 1905.

Memorandum from the Political Department, No. 1845, dated the 7th March 1906—Forwarding copy of a letter from the Resident at Baroda, No. 3139, dated the 26th February 1906, and the following letter from the Inspector-General of Police, No. 1450, dated the 15th February 1906, referred to therein, to the address of Government in the Judicial Department:—

"I have the honour to report that in accordance with the instructions contained in your No. 8378 of the 28th December last, I met the State Police Commissioner of Baroda on the 2nd instant and discussed with him the subject of direct correspondence between the Police of the Bombay Government and those of His Highness the Gaikwar.

"2. We decided that on the following matters greater freedom of correspondence will make for increased efficiency, and I have the honour to request that Government may be moved to sanction the proposals.

"(*a*) *Communicating the antecedents of bad or suspicious characters.*—At present the Police find great difficulty in ascertaining quickly the history of a bad character who has crossed the border. From one side the simplest plan will be to send a 'Bad character roll' in A or B form as the case may be direct to the station officer concerned and allow him to give the information required direct as will be done between two British stations. The Baroda Police are not as yet proposing to introduce the Village Crime Register (*vide* Government Resolution No. 6642 of the 19th December last), and I would suggest that the Darbar be asked to introduce it so that the use of the bad character rolls may be reciprocal.

"(*b*) *Obtaining evidence of previous convictions.*—At present the Baroda Police have to get their information through the Resident. The British Courts do not recognize convictions in Native States, but information of previous convictions in Baroda would be useful in cases under Chapter VIII, Criminal Procedure Code, to us and in all cases to Baroda as the Baroda Courts recognize our convictions. Where therefore the name and village of an accused are known we recommend that a direct reference be allowed between station officers in order to get the information at once.

"(*c*) *Tracing finger slips of undertrial prisoners.*—This will be chiefly of use to the Baroda Police, but will tend to harmonious working. At present references to the various Finger Print Bureaus have to be made through the Resident and valuable time is lost. There seems no reason why they should not be made direct by the Officer in charge Baroda Bureau to the Finger Print Bureau, Bombay.

"(*d*) *Obtaining evidence in Police Investigations.*—Mutual assistance in this matter will be of the greatest value as at present summonses to witnesses can be sent but are not enforceable. We therefore recommend that where identification of a person or property is not necessary the officer conducting an investigation be allowed to write direct to the station officer across the border asking him to send over a witness or record the witness' statement.

"(*e*) *Giving information regarding released convicts.*—This is merely an exch of information, and no harm can be done by doing away with the circumloc

21

correspondence through the Resident. Direct references bet
and the Superintendents of Districts in which convicts are to reside m
be allowed.

"*(f) Enquiries regarding the antecedents and character of Police recru....* present such enquiries are made through the Residency but no object appears to be served thereby. Direct correspondence between Superintendents of Police will not lead to disputes and will attain the object arrived at far quicker."

The Resident at Baroda requests that the proposals made by the Inspector-General of Police may be sanctioned and states :—

"2. On hearing from you that the scheme, worked out by the Inspector-General of Police, Bombay Presidency, and the Baroda State Police Commissioner, has met with the approval of Government, I shall ask the Darbar to introduce the Village Crime Register, as suggested by Mr. Stewart."

RESOLUTION.—The proposals made in the letter from the Inspector-General of Police, No. 1450, dated the 15th February 1906, are sanctioned.

2. These proposals should be held to be applicable also to the States of Jhabua, Barwani and Alirajpur in Central India.

Sir,

With reference to your letter No: J.240/Police 95-05-10 dated 27th July 1906 and docket No: J.351/Police 95-05-12 dated 6th August 1906, I have the honor to forward herewith the marginally noted forms referred to in the Madras Police Order No: 55.

Form 63 refers to movements of gangs. This form is usually sent by the Station House Officer of the Station within whose limits the gang resides to the Station House Officer of the Station to whose limits the gang moves.

Form No: 60 A is the "Roll of a Bad Character under Police surveillance". This form is sent if a convict belonging to the limits of one Station, goes to the limits of another Station, either to live there permanently or temporarily. The information that the individual is convicted, is communicated to the latter Station for note in the conviction register of that Station, and return with the page and the number of the conviction register noted in it.

Form

Form No: 226 which is a memo form, is used for other communications.

These forms do not appear to have undergone revision as yet, in accordance with the recommendations of the Police Commission, as they are being received in my office from the Madras Police.

I saw no necessity to place myself in communication with the Inspector General of Police, Bombay, as I have already clearly expressed my views in letter No: 612/64 dated 23rd July 1906.

SIR,

Reference:-

Your letter No: J.3240/Police 95-05-20 dated 20th April 1907, in re direct correspondence between the Mysore and the Bombay Police.

I have the honor to forward herewith copy of letter No: C. 4228 dated 26th September 1907 with enclosures from the Inspector General of Police, Bombay Presidency, expressing concurrence in the draft Notification submitted to Government by me, except so far as it relates to the use of particular forms. He further states that the Mysore Police may use the forms prescribed in the draft notification.

As there can be no objection to the above arrangement, I have replied to the Inspector General of Police, Bombay, accepting his proposals. The only difference between the systems of the two Provinces is in the report of the movements of criminal gangs which will be entered by our Police in the usual gang form, and by the Bombay Police in ordinary letter or Memo form.

I request that you will be so good as to move the Government to pass early orders in the matter.

Sir,

In reply to your letter No: 8073/Mis.1078 E.5, dated the 5th May last, I have the honor to express concurrence in the draft notification accompanying your letter except so far as it relates to the use of the particular forms (1) (2) and (3). By this of course I do not mean that I have any objection whatever to receiving communications from your side in these forms but that I would rather we were not tied down to the use of these particular forms.

2. Gang registers are not maintained in the Bombay Presidency and our system of dealing with gangs differs from that in the Madras Presidency. Form No: (1) would therefore not be appropriate for us, therefore I would prefer that communications from Bombay Districts in respect to the movements of criminal gangs and all information regarding such gangs should be in ordinary letter or memo form leaving it to local officers of the Mysore Police to obtain by correspondence for their registers, such additional information as may be required and is wanting in the letter or memo.

3. In lieu of form (2) I prefer that our Police should use the forms A and B for reporting arrival and departure of bad characters prescribed by the Police Commission, copies of which

I attach. In respect to form (3) I think if you have no objection that communications other than those reporting arrival and departure of bad characters might be accepted by the Mysore Police in ordinary letter or memo form.

4. On hearing of your readiness to accept this arrangement I will have orders put out "mutatis mutandis" on the lines of your draft notification.
